

Brand teams: govern at the point of creation

Not after hundreds of variants exist

1

Guidelines in the canvas

Brands and Brand Guidelines are the primary guardrail during generation.

2

Custom Models

Firefly Custom Models encode the brand look for field and regional teams.

3

Claims at create time

A governed claims library in GenStudio for regulated copy.

4

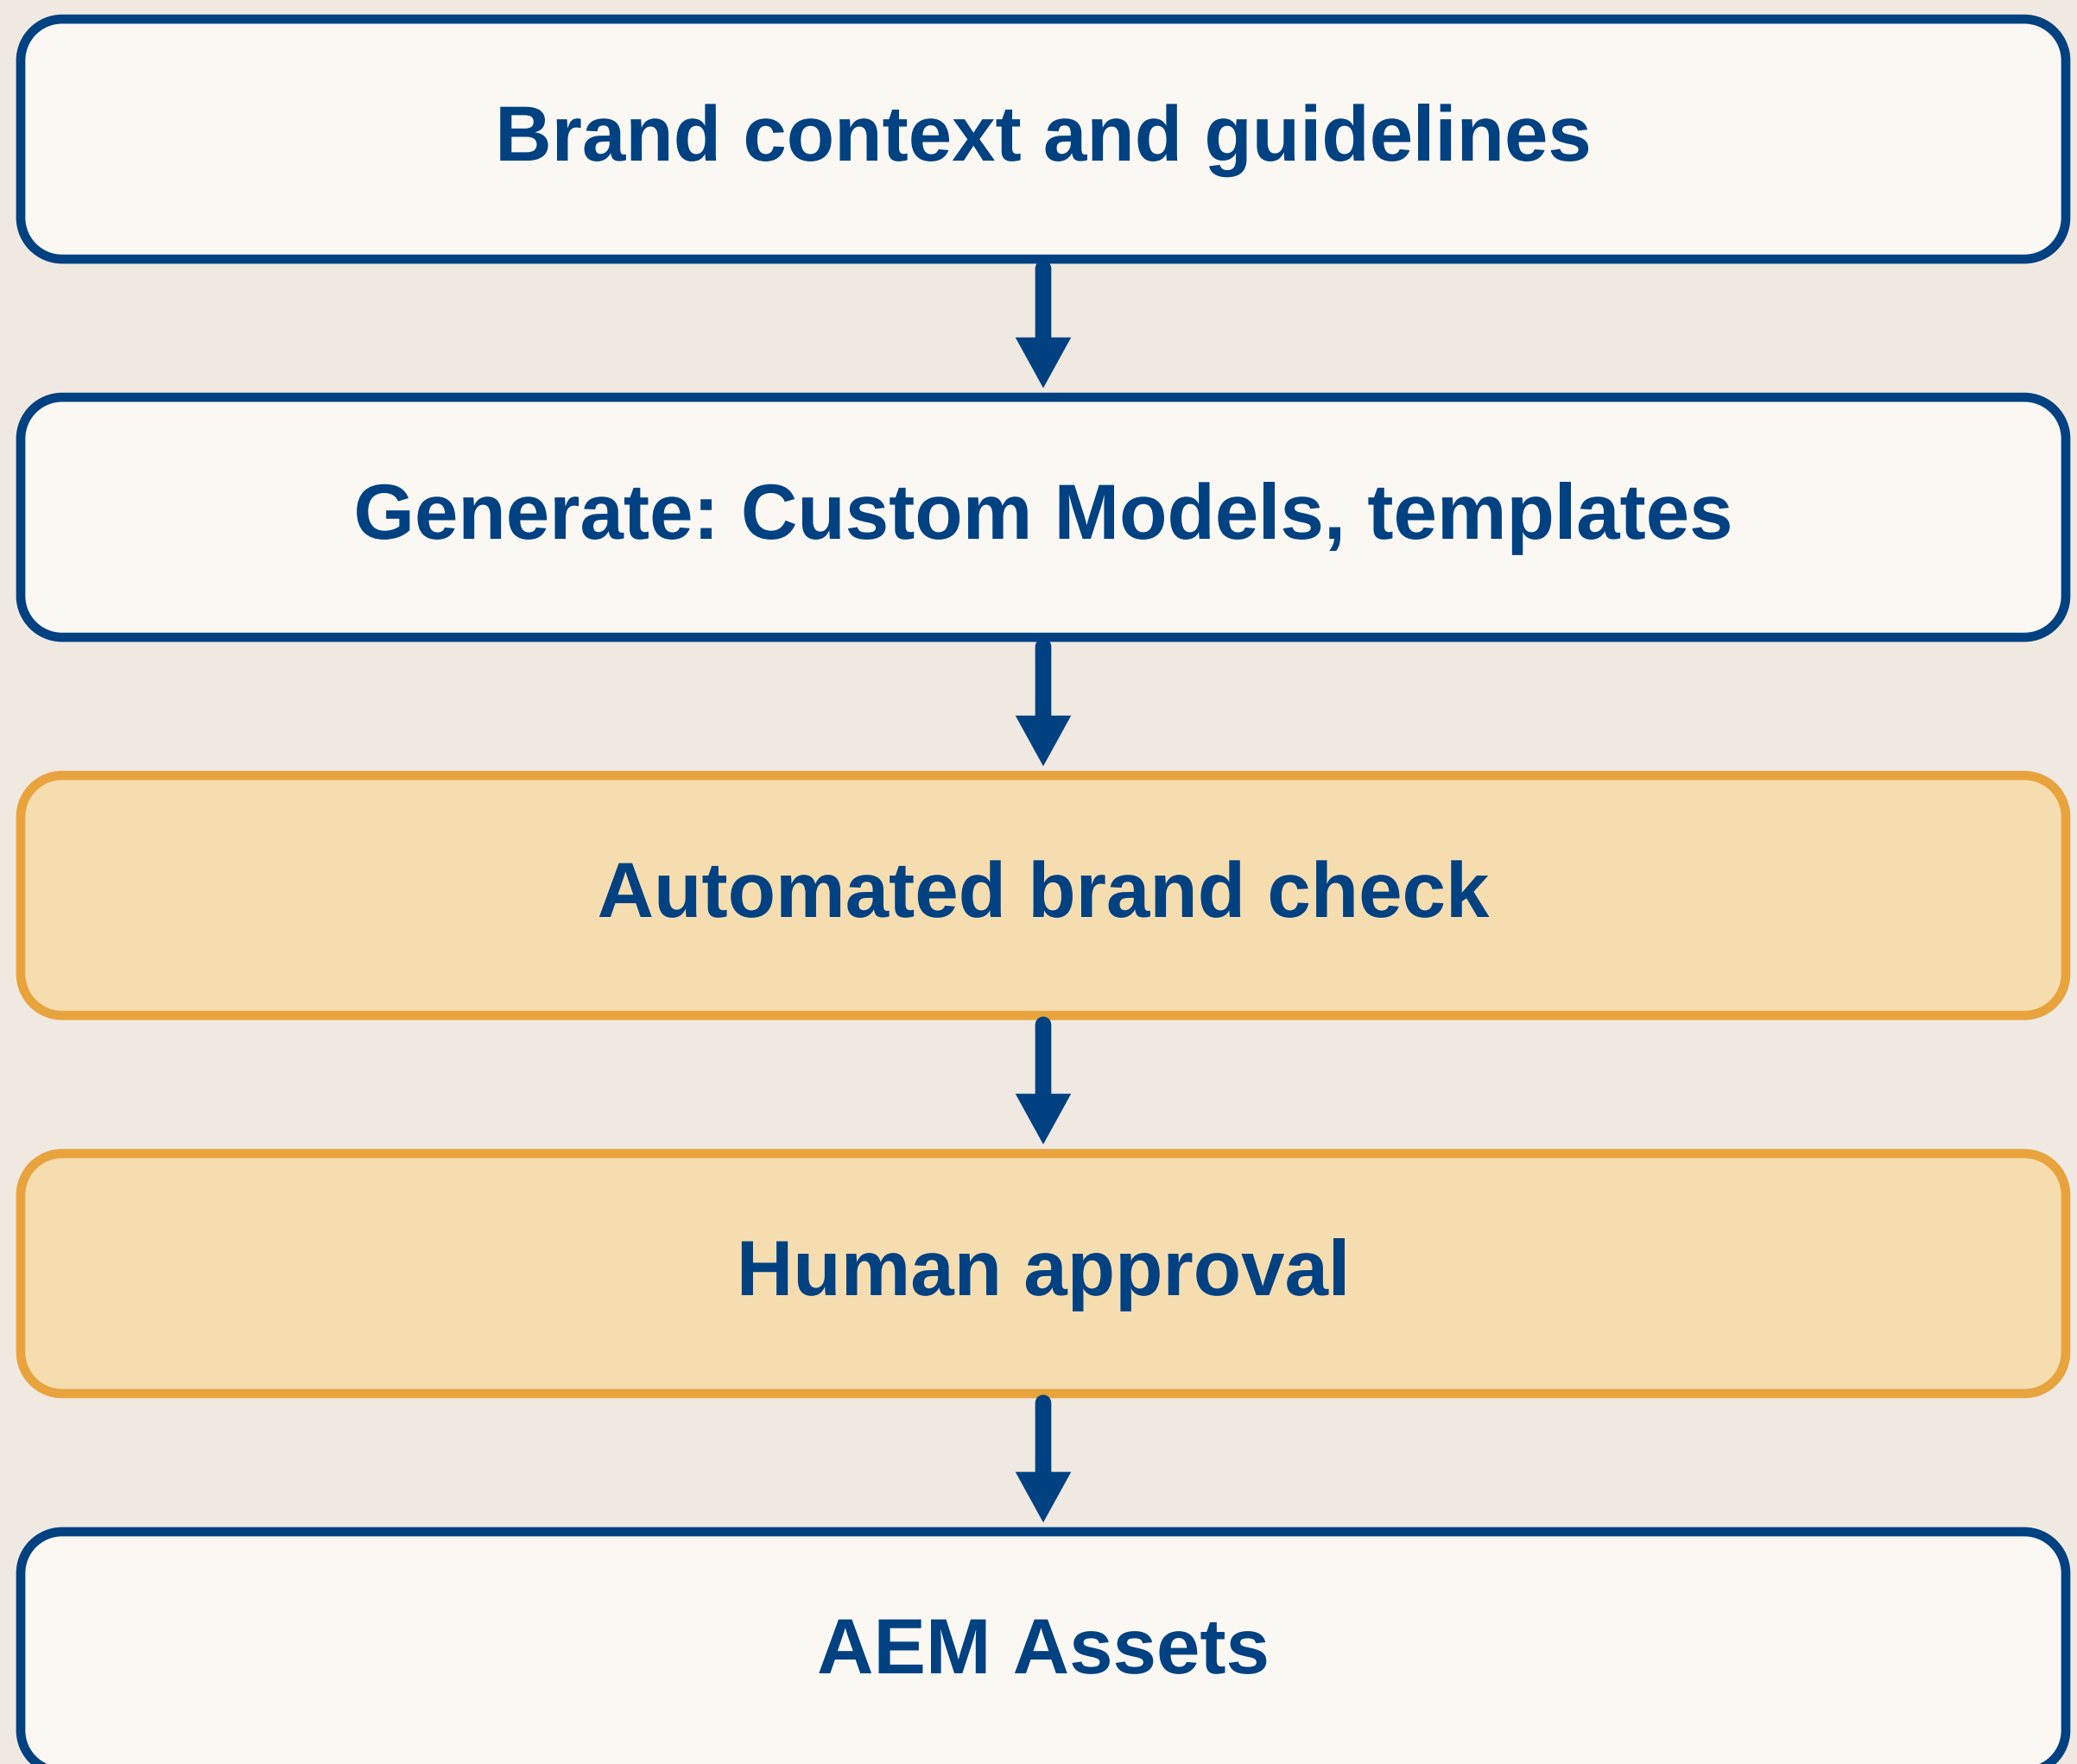

Bulk, the right way

Firefly Services with Workfront handle multi-market packs, not manual sessions.

4

DIAGRAM

Brand at generation, human at the end

Brand context, governance checks and custom models now sit close to generation. Keep a human approval at the end.
