

Analytics teams: which asset drove the outcome?

It starts with a durable ID

1

Carry the ID

Every activated asset keeps a durable ID from Planning through AEM into activation.

2

Carry the metadata

Campaign and channel travel with it.
Otherwise stitching fails.

2

3

Paid insight

GenStudio Insights covers paid-media creative performance in GSPM.

3

4

Journey outcomes

Content Analytics plus Customer Journey Analytics tie asset exposure to results.

4

DIAGRAM

One asset ID from brief to result

Data Insights Agent and the CJA MCP answer 'which asset drove this?' only if the asset ID survives the journey.

ADOBE TOOLS TO KNOW

Status as of Sept 2026. Confirm in your own tenant.

BEST PRACTICES

Carry a durable asset ID and metadata first.

Validate agent answers against a standard report.

Use read-only tools where analysis is the goal.

Untagged items are design advice.
